

Behavior Clip Chart System

Dear Parents,

Welcome to Kindergarten! This year we will be using a colored clip chart system to help us monitor our behavior and choices. Your child will have a clip that they will physically move up or down the chart, depending on their choices.

Please keep in mind that your child may not move every single day—they must go above and beyond in their behavior choices! Each day they will begin their day on “Ready to Learn” and it is their choice where they will end up!

You will need to check your child's agenda for the corresponding color (●) to see how your child did that day. The chart below explains how the clip chart works.

If you move to “Outstanding”, you get to add one ☆ sticker to your clip for that day. When you reach 5 ☆'s, you get to visit our classroom's Treasure Box.
As you continue to make good choices throughout the day, you'll advance to the “Great Job” section of our chart.
Making a good choice, will help you move to the “Good Day” section of our chart.
You will get to start off each day on “Ready to Learn”. You will move your clip up or down depending on your choices each day.
If you receive a warning, you will move your clip down to the “Think About It” section to help you remember to think about your choices.
If you continue to make poor choices, you will move to “Teacher's Choice”. You will take 5 minutes to reflect on your choice in time out and will miss 5 minutes of recess that day.
If you choose to continue making bad choices, you will move to “Parent Contact”. You will miss an entire recess and will receive a note home or a phone call home will be made before dismissal. (Parent may be requested to come to school immediately.) If student repeatedly remains in this section it will result in an office referral.
